We are very excited about our sale offered within these pages. First, it is our first public floor and mail bid sale under our new ownership. Second, it is being held in one of the great historical and cultural centers of this country; Boston, Massachusetts. Third, the material in this sale is simply fantastic.

The sale id quite large; well over 1200 lots of choice coins. Included is a small offering of Ancient Gold and Silver coins, an excellent section of world Gold, and a very comprehensive grouping of world Crowns and Minors.

Within the world Gold is a 10 Ducat of Austria (our cover coin), a 5 Guinea, plus numerous 2 and 1 Guineas of Great Britain, a good selection of Israeli Gold as well as many other fine coins from virtually every country one could name.

Our world Crown and Minors section is strong in many areas. Austrian Talers are well represented as well as French coins, both pre and post revolution. The German section is excellent, including strong offerings of Weimar, Empire, and Saxony.

Great Britain is perhaps the most exceptional section. From Henry VIII onward, coins of every ruler are offered, including a very full run of Maundy sets. The Italian section is highlighted by our consignment of Vatican Medals. From the 17th century to Pope John Paul II virtually every Pontiff is offered here. Many of these medal are true workd of art, and the examination of these medals by prospective bidders will undoubtably be a great pleasure.

Thailand has much to offer here as does Switzerland, Mexico, Norway, and Russia. We could continue, but we must curb our enthusiasm a bit, and let you, the bidder browse through these pages. We believe our enthusiasm will be contagious.

We are here very pleased to present to you an exceptional collection Maundy Cents. Maundy money was the money given out each year to the poor people in four denominations. 1 Pence, 2 Pence, 3 Pence, and 4 Pence. Each set that we have is a uniform date set, that is all four coins are of the same date. It encompasses a great period of English history and we feel that it is quite a signifigant offering.

Following is an exceptional offering of Vatican Silver and Bronze Medals. This offering encompasses a period from the 17th to the 20th Centuries with a number of the Popes' yearly medals being complete. Most of the medals are in Silver, and only the non-Silver medals will show an indication of what metal they are. Some of these medals are quite rare, and virtually impossible to obtain. Since the Vatican produces only a limited number of these medals one must be on a very special list to acquire these, and it is very difficult to get on this list. In order to obtain these medals, one must just hope that they appear in Auction as they are here. We are very pleased to offer this group.
